(OTHER) JARVIS CREEK CLUB, POA PAINT COLORS

NOTE: There are references below to the Bluffton Sherwin Williams: They no longer have this information on file, as it has been too long

Interior white trim

First, I am not a painter. But I have written down that the interior paint for baseboards, crown molding, doors, etc. is Sherman Williams ProMar Extra White - semi gloss 6501-87206. Not sure all interior paints used were the same in every home here. You can check at the commercial SW store in Bluffton by giving them your home address and lot number. **(Robert H. Grieve)** It's Sherwin Williams ProMar 200 white semi-gloss latex. Just plain white. No tint was added. **(Dustin Wehrung)**

I found a big empty can that says Duron Ultra Deluxe Interior Semi-Gloss Acrylic Latex Enamel 914 white that I am thinking was used on the trim inside. **(Chuck Lobaugh)** - I believe this depends on if you got the upgraded paint package. The upgraded paint gave you white ceilings instead of off white

Exterior White trim

If anyone needs to purchase exterior white deck paint, here is the scoop. For a perfect match, you must go to the Sherwin Williams commercial store @ 138 Bluffton Road ph: 843-815-4056....this is where the KHOV subs purchased it and the normal retail stores don't have the exact match. Ask for A100 satin finish #7005 and you will be set. I learned the hard way and have to repaint some areas so hopefully; this will save everyone some time. **(Jeremy Bratcher)**

I plan to repaint my exterior trim with Sherwin Williams super paint which is better paint and not much more **(Scott Ciccarelli)** If you're going to repaint, use Sherwin Williams Emerald which is their highest grade. A100 is garbage. **(Dustin Wehrung)**

Photos Chuck Lobaugh

Ceilings depend on if are off-white or bright white (white was an upgrade)

Dustin Wehrung

Sherwin Williams Painters Edge "Antique White" (flat) - also used on walls if not upgraded or buy a gallon of Sherwin Williams Promar 400 flat latex "Antique White". It is not exactly what was used but it is as close as you can get without going to the commercial store in Bluffton and buying a 5-gallon bucket of it. (Smallest quantity available)

T Peter Kristian

The ceiling is Duron interior Bright White 901 DU-1610901 6018-21085 other numbers on the label are 6018-21085

T Peter Kristian

I just found this number for the Baseboard, Crown Molding, and door and door trim-- white semi-gloss paint- Sherwin Williams Pro Mar Extra White-Semigloss 6501-87206.

Grey Stucco

T Peter Kristian

Here is the information off of the paint can- 504 Oyster Gray, Exterior Flat Acrylic Latex, Architectural, A-100 Extra White (Base) --- again Sherwin Williams paint.
